

# Top Tips for Staying Safe Online

- 1 Talk as a family about do's and don'ts for the Internet.
- 2 Be careful about what personal info you share in chats, IMs, and blogs.
- 3 Always tell your parents if someone you've met through the Internet wants to meet in person.
- 4 Keep the family PC in a common room. No closed doors.
- 5 Ask your kids about who and what they're visiting online.
- 6 Keep your computer settings and security software up to date.
- 7 Know where to report suspicious or criminal behavior.
- 8 To learn more safe practices, go to:
